**Shop Management — Class 4-8**

## Manager SE Truck Edition

**Power up your productivity with a comprehensive business management solution for shops that service Class 4-8 trucks**

Keeping track of all the moving parts in your busy truck repair shop can be a challenge. With the **Manager™ SE Truck Edition** shop management system, you'll have greater control and visibility into every aspect of your business.

Mitchell 1 has over 20 years of expertise in developing shop management solutions, so you'll have time-tested tools to help you improve communications within the shop and with customers, track performance, streamline repair processes and increase revenue per repair order. Imagine how a 360-degree view of your shop activities can help you manage all phases of your operation more efficiently — from the front office back to the bays.

You can rev up productivity and profits even more when you combine **Manager SE Truck Edition** with the **TruckSeries** repair information software suite for all makes of medium and heavy trucks. It's another industry first from Mitchell 1: Shop management tools integrated with the fastest, most complete and accurate information to estimate labor times, diagnose and repair all makes of Class 4-8 trucks – from a single application.

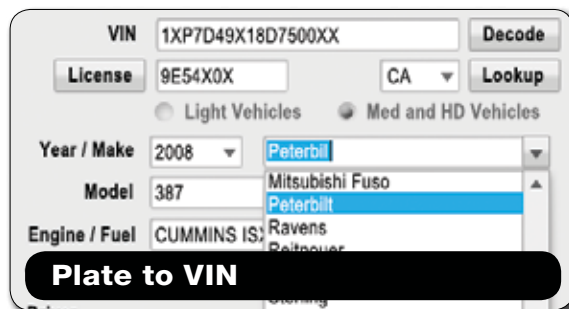

Key features that will help you increase productivity:

- ▶ Over 180 built-in business reports
- ▶ Interactive Work in Progress screen overview
- ▶ Advanced scheduler/appointment editor
- ▶ Customer engagement tools
- ▶ Plate to VIN lookup for Class 4-8
- ▶ VIN decoding for Class 4-8
- ▶ Labor estimating (with TruckSeries)
- ▶ Repair & diagnostic information (with TruckSeries)
- ▶ Customized inspection sheets (with Mobile ManagerPro)
- ▶ Accounting integration (with Accounting Link)

**Optional add-on solutions:** Mobile ManagerPro, Accounting Link, credit/debit card processing, ProPack customer communication toolbox
