

AC SERVICE MACHINE - AC400

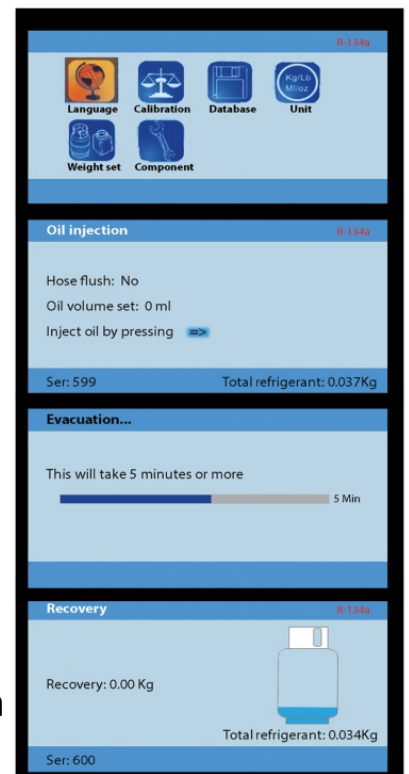

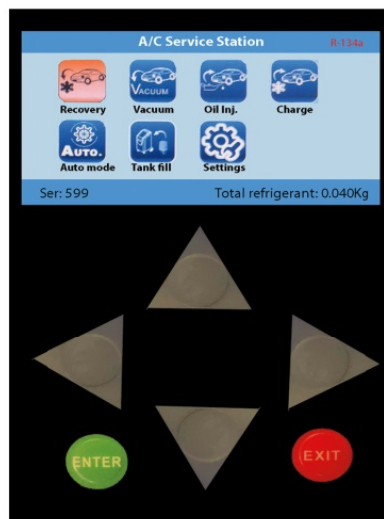

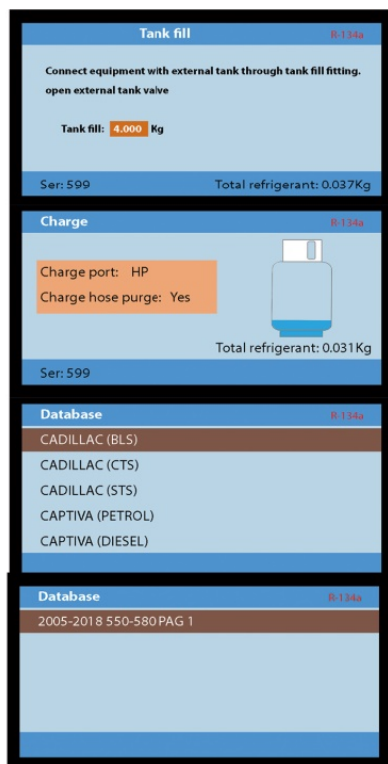

The model AC400 is featuring an industry leading 99% recovery efficiency for standard and hybrid vehicles and fully automatic function. The AC400 machine recover, recycle, evacuate, leak-test and recharge R-134a with improved 99% efficiency. It has automatic refrigerant refill and oil drain/inject – putting A/C lubricant back into the system. AC400 also built in thermal printer and oil capacities database is available for all passenger vehicles.

Features

- Automatic recovery/recycling.
- Automatic discharging used oil/oil drain.
- Automatic vacuum
- Automatic new oil injection
- Automatic recharging with onboard tank
- Automatic air purge removes the potential of air accumulating in the internal tank
- Comprehensive A/C capacity database
- Support Auto Mode: One step to do automatic recovery, recycling, vacuum and recharge
- Tank filling with manual or pre-set value options
- Onboard electronic scales
- Built in thermal printer
- Tank installed internally
- Vacuum leak test

Specifications

- Input power:AC110V 60Hz.
- Compressor:3/8 HP.
- Vacuum pump capacity:16Gal/min.
- Recovery rate:99% to medium vacuum.
- Vapor state refrigerant recovery speed:0.55Lbs/Min.
- Gas cylinder volume:22LBS
- Drying filter:20oz
- Load cell accuracy(oil bottle):+ _5g
- Load cell accuracy(gas cylinder):+ _10g
- New & old oil bottle capacity:8.9/13.5oz Max working pressure 290PSI
- Color screen:4.3inch 480RGB*272Dots.
- Dimension:560*625*1048mm.
