## What would you do with an extra \$600 per month?

Average Mitchell 1 shops can save \$600 per month\* with the 1stMILE Cash Discounting program. 1stMILE allows you to adjust your prices to offset credit card processing costs, while offering a discount for cash payments, so that your margins are the same on both cash and credit card transactions. We also include an all-in-one hardware device, which allows you to capture signatures and run the 1stMILE Credit Facility and 1stMILE Loyalty programs straight through your terminal.

\*Based on \$30,000 average monthly credit card volume and 2% average credit card fees

## Integrated into Mitchell 1 Manager SE
